Internship's data is very good. We got 74 responses from students in which they have done about 221 internships.

In Education Department, students were hired by international schools such as GEMS International, Dubai, GEMS International, Gurgaon, NK Bagrodia Global School, schools in Delhi as well as in remote corners of the country such as Ladakh. They have also taken up jobs with companies such as Amazon and other startups. 10 students have their YouTube channels, blogs and Instagram pages, half of which bring monetary gains to the creators. These students are digital content creators, artists and bloggers. A total of 34 internships were taken up by 19 students throughout the year. 22 students also reported to earn money through home tuitions for various subjects, art and yoga.
