

SHYAMA PRASAD MUKHERJI COLLEGE for Women

21.3.2024

Call for application for Research Staff for ICSSR Sponsored Research Project under(Applied Psychology Department, SPM College (University Of Delhi)

About the project-

Title: A Delhi-based Study for Exploring Measures to improve the Conditions of Children's Homes of Delhi (established under Care and Protection Act, 2015) under Juvenile Justice Act.

The study aims to develop an effective intervention to transform children's care homes in Delhi. The Hague convention was focused on inter-country adoption of children (1993) and millennium development goals (2000). Subsequently, the UN convention (2000) accentuated children's triad of rights to Protection, Provision, and Participation. India's Juvenile Justice Act (1989) affords a the first legal framework to provide those juveniles, or children in need of care, providing .Institutional services including observational/shelter/care children's homes. The study will potentially impact children's in-home and after-home quality of life, and be consumed by all stakeholders in the ecosystem. As methodologically rigorous, it may also be of use to thought leaders and researchers.
