College Experiences of Young Adults

College can become both an adventurous as well as an eye-opening space for individuals who have just entered this world. It's a space that provides one with a sense of responsibility and freedom, which may be misused initially, but also proves to be of great importance when a graduate looks at it retrospectively.

The main difference between school and college is of freedom and independence. Where school 'taught' us to be independent and free, college life actually gives us the opportunity to exercise it. In the process, we eventually learned to respect our freedom only after exercising it and not after learning it. How ironical! College is that strange yet safe space where we learn to fight and stand against injustice and discrimination; a place where we not only learn to maintain our boundaries, but also cross them, experience the differences, and respect them; a place where we try our best to adjust, but yet stand out and stand against if the adjustment seems biased.

College is indeed a life-changing experience for young adults.

-Ms. Writika Manocha (B.El.Ed IV year)

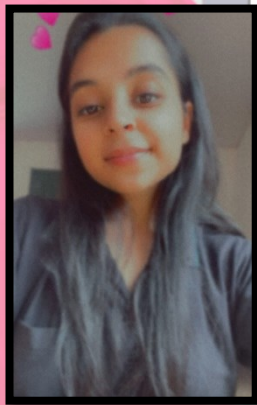

Updates About the Department

The Department of Education, as per the directives of the University of Delhi, conducted classes in offline mode, in this semester. Students and faculty alike were eager to revert to the offline mode of teaching completely. All members thus worked with renewed energy in departmental and college activities.

चहल-कदमी

Events and activities in the department

An art exhibition was organised under the guidance of art teacher, Mr. Vijit Bhargava by B.El.Ed, Ist year students. It was a great experience, filled with fun and praise. The exhibition started at 10 AM, with lamp lightening by principal Dr. Sadhna Sharma and honourable Chief Guest, followed by a welcome dance. The exhibition also included a kawwali

presentation and a puppet show along with a display of artwork of students which included many different paintings like coffee painting, collage painting, water painting and other artwork.

WORKSHOP ON MATHEMATICS AND TECHNOLOGY

An interactive workshop was organized for the students of Mathematics pedagogy of B.Ed and B.El.Ed. courses on 5 January 2022. The theme of the workshop was “Mathematics and Technology” and the resource person for the workshop was Ms Sangeeta Gulati, a Google Certified Trainer. The main focus of the workshop was making students familiar with some Digital Tools for Mathematics classrooms. The workshop was very elaborative and it helped students understand how powerful such technological tools are and how they can be

used to teach mathematics in a completely different way.

-By Ms. Tamanna, B.Ed I Year

PLACEMENT SESSION WITH BNPS & HES

A session on placement was organized by Dr Krishna Priya Sen and Dr. Charu Sharma on 29 January 2022 for B.El.Ed IV year. The speaker for the session was Ms. Shalini Joshi who coordinated on the behalf of Bharat National Public School and Happy English School. She addressed the students of B.El.Ed IV year regarding the upcoming job opportunities in both the schools and how they can apply for the same. She discussed various important aspects related to the job like interview and selection procedure, roles and responsibilities, environment at work space, learning and growth opportunities for novices and facilities for the teachers. The session concluded with a few queries from the students, which were solved by the school coordinator.

-By Ms. Radhika Dhawan & Ms. Writika Manocha, B.El.Ed IV YEAR

'SAFE INTERNET DAY'- HOW TO USE ONLINE EDUCATION?

A session on cyber security and how to use online education was organised by Dr Deepa Idnani and Dr Charu Sharma on 8 February 2022 for the students of B.El.Ed IV Year. The guest speaker for the session was Mr Ajay Kumar Sinha. The speaker guided the students regarding the use of softwares like Google Meet and Zoom with some extensive features of the softwares that can be useful for online teaching. The session created cyber awareness among the students and effective security measures that can be taken while using the internet.

WEBINAR CUM WORKSHOP ON “ELECTRICITY”

A webinar cum Workshop was organized by Joy of Learning Foundation for the students of B. Ed and B.El.Ed on 8th and 9th February'2022 by Ms Anshumala on the topic 'Electricity'. This interactive session focused on the basics of static and current Electricity. The session was well facilitated with the help of demonstrations, presentations, videos, and images. This also helped students to gain experiential knowledge as it involved many hands-on activities and application-based Questions. Participants performed the experiments on their own on the other side of the screen and learned to teach the same topic with many innovative examples and innovative experiments. Many doubts and misconceptions were also unveiled with the help of insightful experiments and demonstrations. This workshop encouraged students to link their daily life experiences with factual knowledge.

-By Ms. Lekhita Sharma, B.Ed I Year

WORKSHOP BY JOY OF LEARNING

Joy of Learning foundation conducted workshops on 2 February 2022 and 9th February 2022 from 11:30 am to 2 pm. At the beginning of the workshop, Mrs. Anshumala Gupta explained the theory related to electricity. Few activities and experiments related to electricity were performed for building conceptual clarity by students. Students also tried the activities in their respective homes. During the session, doubts were resolved students' personal conceptualizations were discussed.

WORKSHOP ON CYBERBULLYING

An interactive and knowledgeable session was organized for the B.El.Ed students of Second, Third, and Fourth Year on April 6th, 2022 Dr. Toolika Wadhwa, Dr. Rajrani Kumari, and Ms. Nisha Dedhwal. The resource persons were Dr. Meenakshi Ingole, Dr. Suruchi Bhatia, and Mr. Harmeet Singh Randhawa. The session focussed on spreading awareness about cyber security like always keeping your ids logged out, not sharing passwords, or keeping changing the password after every 6 months, etc. Students were curious and asked questions, which made it interactive. The speakers combined the areas of education, psychology, and law to present fresh knowledge and information to the students.

-By Ms. Kirti Nanda, B.El.Ed II Year

WORKSHOP ON SONIC VIEWBOARD

A workshop was organized by the Department of Education on the 8th of April 2022, for B.El.Ed students of Second, Third, and Fourth Year. The session was headed by Ms. Vani Rana, an alumna of our department, who came in as a facilitator cum presentator of the sonic view board, a new tool with which the teaching methods can be reformed and thus, can be made even more fun for both the students and teachers. The workshop witnessed students interacting and raising questions about how the application can be useful and how it is one space for all the needs, including Slideshare, inserting pictures, word, pdf maker, etc. It intrigued everyone to see a new technology, where you can live stream along with the aspect of seeing your students, hence giving a new and wider dimension to online teaching.

By Ms. Kirti Nanda, B.El.Ed II Year

FAREWELL PARTY

The farewell function was organized on 2 May 2022, an offline event where the students of B.El.Ed Second and Third years organized a farewell party for the outgoing batch of the Fourth year. The teacher coordinators, Dr. Surinder & Ms. Nisha-Dedhwai, were also a great support in making this whole event a success. The farewell witnessed a mix of emotions, where the fourth year was happy and sad simultaneously. Everything was organized in a very diligent manner, starting from the performances prepared by the students of the first, second, and third year to the facilitation ceremony and group photograph, preserved as a souvenir. The whole outgoing batch was very touched by the whole journey they decided on as a whole team. The whole event was a success and ended on a both bitter-sweet note.

Workshop on Vedic Maths and Mental Maths

An enthusiastic and energetic workshop was conducted by organised by Dr Vandana Ghai and Ms Alprata Ahuja on 11 May 2022 for the students of B. Ed I Year and B.El.Ed I year. The workshop was conducted by Dr Saurabh Jain who introduced the students to the joyful learning of Vedic Maths and Mental Maths. 'Man ka Vaccination', 'Maths, Magic, Music and Motivation', and Happiness workshop events were covered under this session. The host talked about the significance of learning Vedic Maths for young minds. He also talked about how Learning tips and tricks regarding mental maths can help a pupil teacher in her Pedagogical methods. It also briefed about memory techniques, shortcut methods for calculation of quick square roots, and cube roots techniques. It was indeed a memorable and sagacious experience for all the students.

FIELD VISIT TO NATIONAL MUSEUM

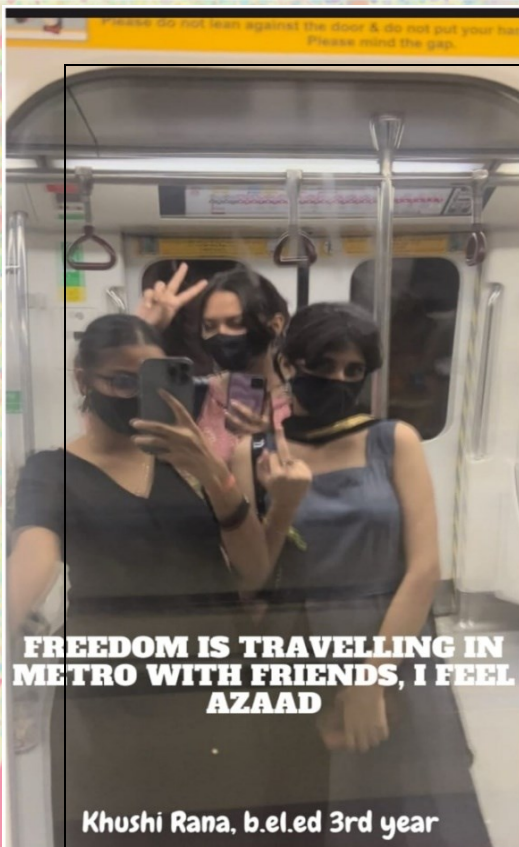

A field visit to National Museum was organized by the Department of Education for the students of Social Science Pedagogy on 25 June 2022 under the guidance of Ms. Nisha Dedhwal. Students gained insightful and knowledgeable experiences during this visit. National Museum has a valuable assemblage of artifacts, pottery, coins, inscriptions, and other sources linked with Ancient, Medieval, and Contemporary India. Students got to know about archaeological sources that are associated with Indus Valley Civilisation. As a pupil teacher, this visit gave them hands-on experience for organizing museum visits in the future. These visits will help pupil teachers to proceed with efficient and innovative Lesson Plans. This will further encourage pupil teachers to use pictorial representations while teaching topics related to disciplines of Social Sciences.
