M/s Jio Wi-fi Services
Delhi

Sub: Jio Wi-fi service layout diagram for Shyama Prasad Mukherji College for Women

Sir ,

This is with reference to the mail received on 6.3.2019 regarding the verification of jio wi-fi service layout diagram of indoor and outdoor access point. It is found that no. of locations needs to be added for the coverage of wifi area. The location are as follows.

1. Main building Ground Floor
   The area in front of the canteen , space for the students . We have NSS and student union room in front of canteen .   1 AP

2. New Building 2nd floor
   Only one AP is to be installed as per the diagram. The structure of the building is same for all the floors. On the left side the class room shown in front of the lab. is Staff room and not the class room so one more AP is required in front of the staff room on 2nd floor new building.   1 AP

3. Auditorium Building
   This auditorium have the sitting capacity of 1200 plus . It is being used for gatherings. It is required to have the AP in the auditorium and one in the pre function area (We call it Foyer Area).   2 AP

Kindly do the needful .

Regards

CERTIFICATE

To

The Principals of Colleges,
University of Delhi
Delhi/New Delhi

This is to certify that all colleges of Delhi University are connected using at least 100 Mbps links. Off campus colleges are connected by 100 Mbps links being maintained by M/s Railtel Corporation of India, and on-campus colleges are directly on the University fibre which provides 1Gbps link.
