

Mathematics Alumni meet 2016

The Department of Mathematics organized Alumni Meet on 2 August ,2016. The event was attended by around 30 alumni. The old students interacted with the present Bsc (Hons) Mathematics students . The enthusiasm of the alumni to come back to their Alma Mater and meet their teachers was very much visible. They shared their past experiences in college and present experiences at work. The event eventually got converted to an Career counseling session with the senior students advising and guiding the present batch of students on various career options .
