

REVIEWS : PHP WORKSHOP

I would like to thank respected teachers for providing me with an opportunity to coordinate the workshop that taught me so much. I was learning web development solo since a month but with guidance of Piyush sir, all my previous doubts were cleared and new concepts registered in my mind pretty clearly, thank you XpertInfotech and SPM for such an enlightening opportunity.-DivyaSingal 1st Year

The workshop was great and fantastic . The mentor Mr.Piyush Sir was excellent. We gained so much of knowledge and improved our skills. Overall it was worth it. Thank you for organizing such a workshop within an affordable price.
